

MANUFACTURING INSIGHTS

Invites You to Attend
Continuous Improvement through Lean and QA/QC

Tuesday, November 8, 2011
Baie Vista Inn, Baie Verte

OVERVIEW

Continuous improvement is an ongoing effort to improve products, services or processes. If you are interested in learning more on how lean manufacturing can be used to reduce waste, flow value to your customers and keep costs and delivery times under control then you are invited to attend the "Manufacturing Insights" Continuous Improvement networking session.

Topics will include:

- Reducing costs
- Improving quality
- Speed of delivery
- Standardization of work
- Company stability
- Just in time inventory
- Quality at the source
- The importance of an involved flexible workforce

This initiative is coordinated by the Department of Innovation, Business and Rural Development, in partnership with the Atlantic Canada Opportunities Agency and Canadian Manufacturers & Exporters.
